

Letter re Newington Green, from Mr. John
Payne Collier. The Photographic Journal

Riverside
Maidenhead
11 July 1858

Dear Sir

I am very much
obliged by the trouble you
have taken, and though
it has not furnished me
with what I sought, it has
given me two other facts
which I am glad to learn.

Two relations of mine,
one on my grandfather's, &
the other on my grandmother's

side, seem to have done duty
at Newington Green Chapel, viz
Richard Briscoe and Richard
Price. The pulpit there seems
to have been ^{often} well filled: the
Gillebrands were, in some way,
connected with my mother.

I must look else-
where for the Matters. I
remain

Dear Sir
Yours very faithfully
& much obliged
J. Paine Collier
